**WARNING: READ BEFORE USING YOUR PLAYSTATION®2 COMPUTER ENTERTAINMENT SYSTEM.**

A very small percentage of individuals may experience epileptic seizures when exposed to certain light patterns or flashing lights. Exposure to certain patterns or backgrounds on a television screen or while playing video games, including games played on the PlayStation 2 console, may induce an epileptic seizure in these individuals. Certain conditions may induce previously undetected epileptic symptoms even in persons who have no history of prior seizures or epilepsy. If you, or anyone in your family, has an epileptic condition, consult your physician prior to playing. If you experience any of the following symptoms while playing a video game — dizziness, altered vision, eye or muscle twitches, loss of awareness, disorientation, any involuntary movement, or convulsions — **IMMEDIATELY** discontinue use and consult your physician before resuming play.

**WARNING TO OWNERS OF PROJECTION TELEVISIONS:**

Do not connect your PlayStation 2 console to a projection TV without first consulting the user manual for your projection TV, unless it is of the LCD type. Otherwise, it may permanently damage your TV screen.

**USE OF UNAUTHORIZED PRODUCT:**

The use of software or peripherals not authorized by Sony Computer Entertainment America may damage your console and/or invalidate your warranty. Only official or licensed peripherals should be used in the controller ports or memory card slots.

**HANDLING YOUR PLAYSTATION 2 FORMAT DISC:**

- This disc is intended for use only with PlayStation 2 consoles with the NTSC U/C designation.
- Do not bend it, crush it or submerge it in liquids.
- Do not leave it in direct sunlight or near a radiator or other source of heat.
- Be sure to take an occasional rest break during extended play.
- Keep this compact disc clean. Always hold the disc by the edges and keep it in its protective case when not in use. Clean the disc with a lint-free, soft, dry cloth, wiping in straight lines from center to outer edge. Never use solvents or abrasive cleaners.

# METAL SLUG 4 - STORYLINE

In the year 20XX, a cyber-terrorist group known as "Amadeus" has struck out at the world by developing a computer virus called "white baby". The virus is to be unleashed through the internet with a sole purpose of hijacking the main systems of the militaries of the world's nations. The virus is said to be able to bust through any security network.

A group of international anti-cyber-terrorist groups are holding emergency meetings upon receiving threats from "Amadeus". The plan is to beef-up the national military security systems and to plan their retaliation. It was decided to call in the elite Special Forces unit known as "PF" to battle and eradicate Amadeus.

The PF consists of four highly trained soldiers. Marco, Fio, and new members Trevor and Nadia. They have been assigned to stop the virus and eradicate Amadeus at all costs. Other PF team members, Tarma and Eri are being dispatched to protect the staff developing a vaccine for the virus.

Information gathering results have sent satellite images to the special forces. It is discovered that Amadeus' forces are larger than expected and they're headed up by the most dreaded, maniacal madman known to mankind – it was none other than Devil Rivers Morden!

Reliable information says that Amadeus is planning to attack the communication facilities in a few hours! You must stop the distribution of the virus and eradicate Amadeus at once before it's too late.

# METAL SLUG 5 - STORYLINE

A research installation developing the next-generation of Metal Slugs is attacked by unknown forces and a disc containing Metal Slug secrets has been stolen. Ordered to recover the disk, Marco and Tarma follow in hot pursuit. Meanwhile, Eri and Fio, investigating the Ptolemaic Army, a paramilitary syndicate active in archeological excavation, catch up with them at an ancient ruin, "The Corridor of Fire." The two try to storm and seize the site but are repulsed by the natives and giant Metal Slugs. This incident proves it was the Ptolemaic Army that stole the Metal Slug secrets. The military subsequently launches a second raid by the elite PF Squad and Sparrows on "The Corridor of Fire" to recover the secrets and destroy the syndicate.
